

AFPSLAI donates a brand new ambulance to VMMC

The Veterans Memorial Medical Center received a brand new Toyota ambulance donated by the Armed Forces and Police Savings and Loan Association, Inc on Monday, June 1, 2020.

The Toyota Hi-Ace Commuter Van 3.0L Diesel MT was converted into a functional ambulance fully equipped with life-saving equipment such as stretcher, portable oxygen tank and re-humidifier, BP apparatus, Baumanometer and many more that will effectively provide emergency treatment to patients while on transport.

This donation will bring the total number of ambulances received by VMMC during this COVID-19 pandemic crisis to three (3) units and will further boost the capability of the hospital to respond to medical and trauma-related emergencies in Metro Manila. San Miguel Corporation (SMC) and the Association of Generals and Flag Officers, Inc (AGFO) also recently donated each brand new and fully equipped ambulances to VMMC recently.
